

Create Pictures from other Slides

Have you ever seen a lovely photo on a PowerPoint slide and wish that you could save it to your own computer? Well you can.

Save Your Slides As JPG, GIF or graphics formats

Click the drop down arrow

Choose a picture type such as .JPG or .GIF or another picture format

Save the Slides in a Picture Format

This is easily done when you use the **Save As...** command.

Steps

1. Navigate to the slide that you wish to save as a picture.

2. Click **Office button**
3. Click **Save As**
4. Add a file name in the *File name:* text box
5. From the *Save as type:* drop down list, choose the picture format for this picture. For example, jpg.
6. Click the **Save** button.
